PARUMA

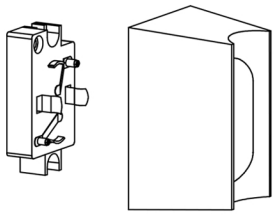

230V MAX. 60W GS14D

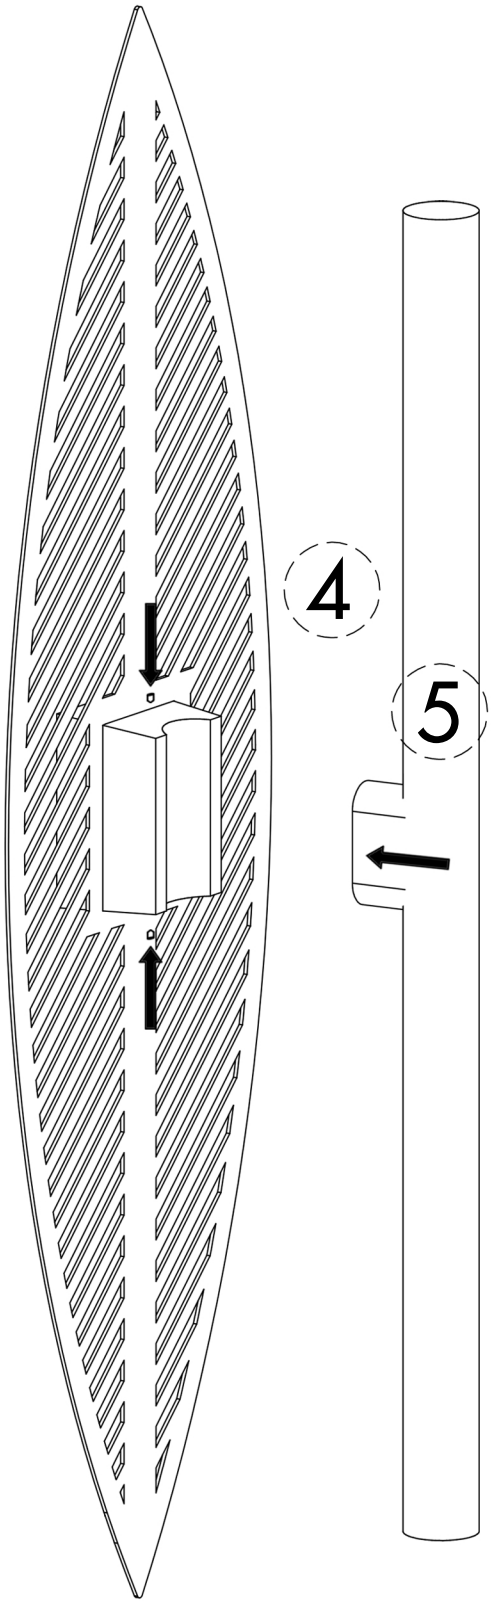

Assembly instructions

WARNING: Assembly lamp with the power off.

1. Install the power wires in the terminals, then tighten the screws.
2. Tighten the fixture to the mounting surface.
3. Install the plastic bezel of the light fixture with the screw.
4. Put the ornamental panel on the light fixture and tighten it to the light fixture with the supplied allen wrench.
5. Install the light source in the holder.

Used or broken electrical equipment must not be thrown into the trash bin together with other waste. Used device should be taken to a point of separate collection of municipal waste or a point of utilization of electrical equipment. Proper waste segregation is a very important aspect of environmental protection and must be strictly observed.

WARNING: The installation should be performed by a qualified electrician.
