GALILEO

Designed by Martin Opl

INSTALLATION GUIDE

As light cuts through the darkness, it reveals space, depth, and hidden truths. Galileo challenges perception, exploring the eternal interplay of illumination and shadow - much like the great astronomer who redefined our understanding of the cosmos. At its heart, an expertly crafted glass orb radiates pure light, a symbol of discovery and enlightenment. Positioned alongside reflective nanocoated elements, it echoes the celestial dance of the sun and the moon, where brightness and obscurity shape the ever-changing rhythm of the universe. A fusion of science and artistry, Galileo transforms light into an endless journey of exploration.

SANS SOUCI

Risks of Uncertified Manipulation and Use of Unauthorized Components:

1. Loss of Warranty

Product Warranty:

The warranty remains valid only when the manufacturer‘s guidelines for use and maintenance are strictly followed. Any intervention by unqualified personnel or the use of unauthorized components will immediately void the warranty.

Warranty Terms:

The warranty terms explicitly state that any unauthorized tampering or the use of unauthorized components will result in the immediate termination of the warranty coverage. Consequently, any defects or issues resulting from such actions will not be eligible for repair or replacement under the warranty.

2. Security Risks

Electrical Standards:

Our products are designed and rigorously tested to comply with all relevant safety and electrical standards. Improper operation may violate these standards and create a risk of electric shock, fire or other accidents.

Risk of Injury:

Using unauthorized components can cause the product malfunction, significantly increasing the risk of severe hazards, including fire or electric shock.

3. Performance and Reliability Degradation

Professional Intervention:

Our technicians are highly trained and certified to work specifically with our products. Unauthorized or unprofessional intervention can cause significant damage, leading to performance degradation and subsequently lead to costly repairs.

Compatibility:

Only authorized components are tested and approved to ensure full compatibility with our products. The use of non-original components may cause malfunctions, reduced reliability, or complete non-functionality of the product, compromising both performance and safety.

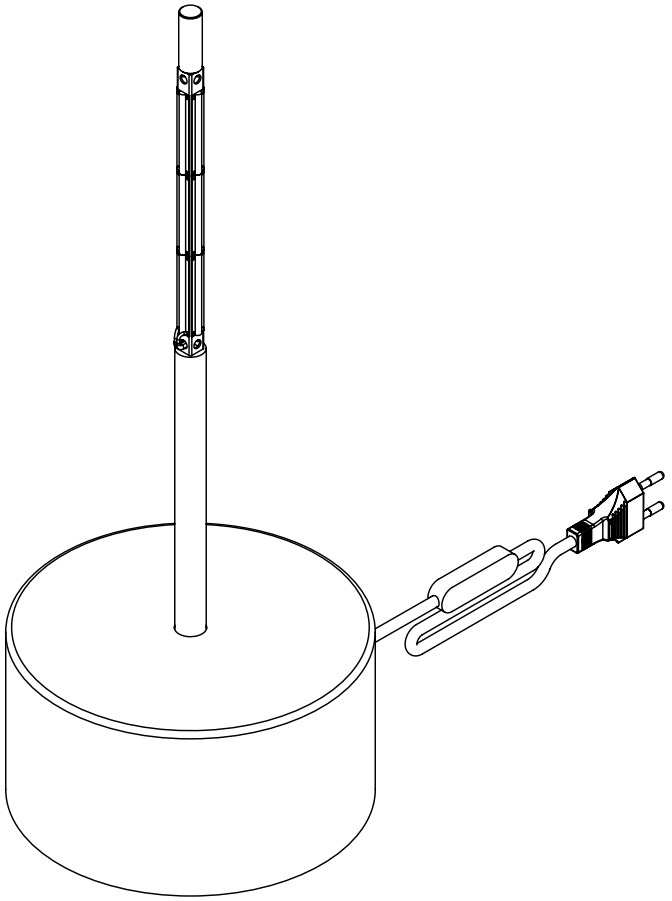

4. Professional Service and Support

Professional Service:

Our technicians have the specialized training and certification required to work with our products safely and effectively. Any intervention by unqualified personnel can cause significant damage, leading to additional and costly repairs.

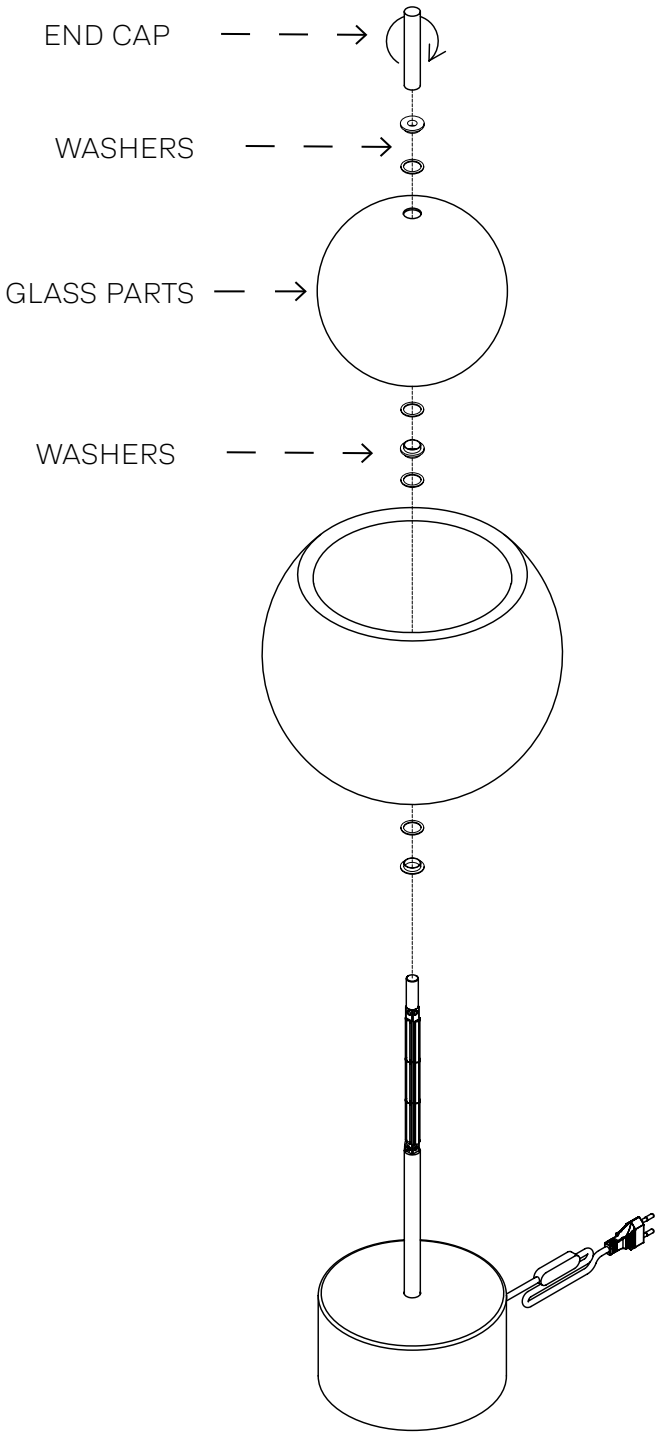

Technical Support:

Using authorized components guarantees full access to our comprehensive technical support and services. The use of non-original components severely limits our ability to provide effective support.

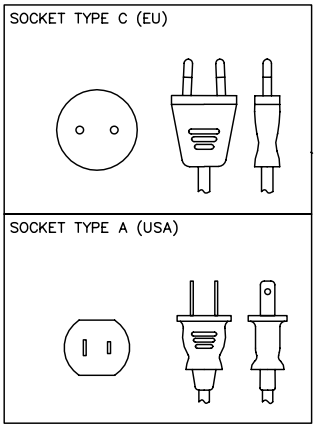

DETAIL

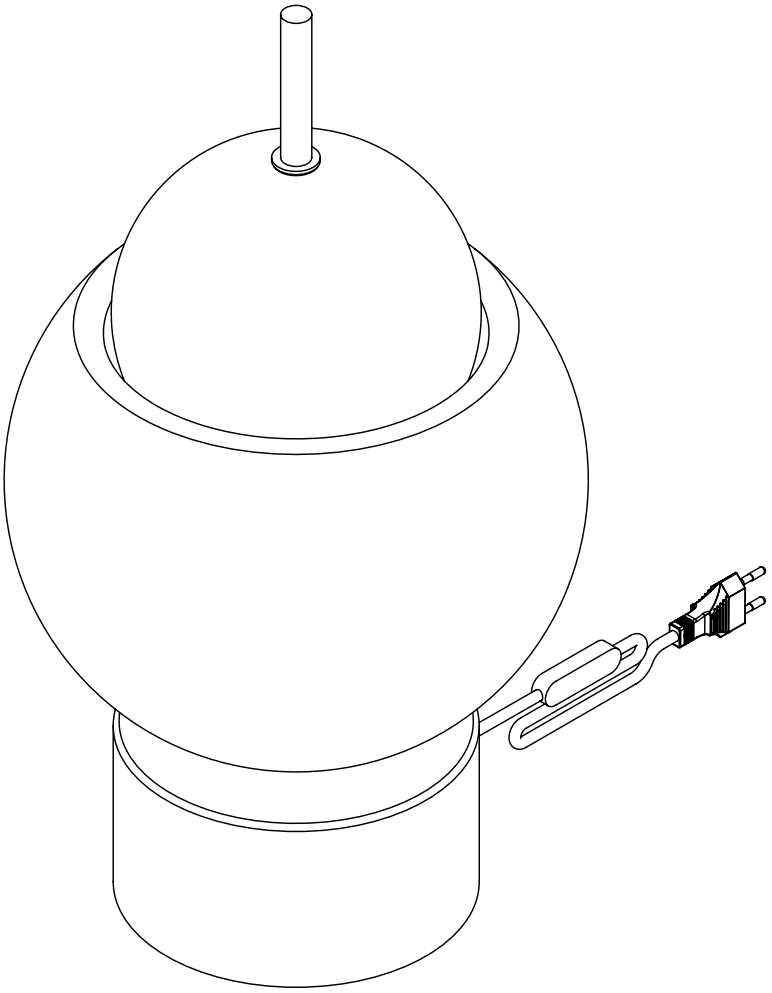

In the package, you will find the pre-assembled lamp with a stem and an attached power supply cable.

DETAIL

Slide the washers and glass parts onto the light fixture as illustrated.
Then secure the fixture by screwing on the metal end cap.

DETAIL

Ensure that all parts are securely fastened, then plug the lamp into a power outlet.
